Greek 4 Kids

Yiyai! Papou! Mom and Dad! Are you interested in your kids and grandchildren learning the Greek language? Then, Greek 4 Kids is what you're looking for! Everyday day objects (i.e. hamburger, scissors, shoes, etc.) along with numbers, shapes and colors, are presented in visually stimulating 3-D animation. As each image appears, a correct phonetic pronunciation of the word is seen, and the correct pronunciation of the word is heard in Greek. This is an excellent learning tool for kids (and parents!) who are just learning Greek, or even for those who are brushing up on the language.

Greek 4 Kids II

This animated product which is the follow-up video to Greek 4 Kids will teach your children and grandchildren (and you!) the Greek alphabet along with multiple examples of words that use each of the alphabet letters. So, the viewer not only learns the fundamentals, like the alphabet, but also begins to build their vocabulary. Additionally, this product begins to teach common phrases (i.e. "thank you", "please", "I love you", "it's raining, it's snowing, etc.). All words that appear on screen are spoken in Greek by a native Greek speaker, written in Greek with the correct article before each word and written phonetically (for those that have never spoken Greek!). This product is the perfect learning tool and wonderful gift to give to your children, grandchildren or yourself!

The ABC's of Orthodoxy

The A,B,C'S of Orthodoxy is a unique 30 minute video that takes a child through the wonderful sights and sounds of an Orthodox church, using the A,B,C's as a guide ("A" is for "Angels", "B" is for "Baptismal Font", "C" is for "Communion Cup", etc.). This beautifully photographed video combines images shot inside an Orthodox church and intersperses them with music and hymns heard inside an Orthodox church. Also, many of the images are preceded by a Bible verse appearing on screen, allowing parents (and Grandparents!) to discuss the various stories and images with children and grandchildren. We prepare our children for so many of life's experiences; their first visit to the dentist, going back to school, or moving to a new house. This video strives to prepare a child for one of life's most important experiences; his or her journey into the Orthodox church and faith.

Little Greek Kids

If you have been looking for a video that is about our families, our faith and what it's like to raise "Little Greek Kids", you will love this video.

In this video, you will meet the Panotsopoulos family. As they are eating dinner, Mom (who converted to the faith) tells the children why she converted to Orthodoxy and Papou and Yia Yia teach the kids how to do their cross and the meaning of the "Father, Son and Holy Spirit". Yia Yia is making "prospora" for Sunday communion and when dinner is over, Papou, Yia Yia and the kids go to church to deliver the prospora to Fr. Angelo. When they are at the church, Yia Yia and Papou walk through the church teaching the kids all about what they see inside the church. A wonderful, humorous and warm video to enjoy with your children, grandchildren and relatives.º
